American School of Classical Studies at Athens

1926-1931

March 13th, 1926

To the American School of Classical Studies at Athens, Greetings!

It is with especial pleasure that the American Numismatic Society acknowledges the invitation to be represented by a delegate at the dedication of the Connadiaz Library.

The Council of this Society has appointed Mr. Albert Gallatin as its delegate. As there is some question whether Mr. Gallatin will reach Athens in time for the dedication, Professor Allen B. West has been appointed as an alternate.

The American Numismatic Society would express the hope that with the added resources which this library will bring to the American School, there will be still further increase in the honours which your Institution has won for itself.

My dear Mr. Newell:

On checking over the contents of our library we find that we have no copy of your "Seleucid Mint of Antioch". We wonder if as a friend of the School you would feel like donating a copy to the library, and we would very much appreciate such a gift.

Very sincerely yours,

M. Alison Frantz

Librarian.

Dear Sir:

We are very grateful to you for your gift to the library of the Numismatic Notes and Monographs. We find them very useful, particularly those dealing with the coins of classic and Byzantine times. Numbers 47 and 49 of the series have just arrived, and we wish to thank you for them. No. 46 (E. T. Newell: The Kütchük Köhne Hoard), and No. 48 (D. W. Valentine: The United States Half Dimes) have failed to reach us. Will you be so good as to send us a copy of each? We are eager to have a complete series. Please send us an invoice for these extra copies, for your original shipment has probably gone astray.

Very truly yours,

Verna Broneer
